TIME SCHEDULE

April 14 (Friday)

15:00 ~ 17:00   Registration   Senri Hankyu Hotel 2F
17:00 ~ 19:00   **Evening Seminar I**   Senri Hankyu Hotel 2F (Senju)
**Clinical Application of Dexmedetomidine in Neuroanesthesiology**

Chairman
Shinichi Nishi  (Hyogo College of Medicine, Japan)

1. Neuroprotective Role Given by Dexmedetomidine May Improve Clinical Neurological Outcome
Kazuko Taiji  (Hospira Japan Co., Ltd, Japan)

2. Dexmedetomidine for Patients with Acute Subarachnoid Hemorrhage
Kiyotaka Sato  (Kohnan Hospital, Japan)

3. Effects of perioperative Concurrent Use of Dexmedetomidine on Awakening
Takehiko Adachi  (Kitano Hospital, The Tazuki Kofukai Medical Research Institute, Japan)

Evening Seminar II   Senri Hankyu Hotel 2F (Senju)
**Brain Monitoring**

Chairmen
Hitoshi Furuya  (Nara medical university, Japan)
Dong-Chan Kim  (Chonbuk National University Medical School, Korea)

1. Balance of Cerebral Oxygenation and Application in Operating Rooms
Younsuk Lee  (Dongguk University, Korea)

2. Brain Monitoring
Bao Guo Wang (Capital University of Medical Science, China)

19:00 ~ 21:00   Welcome Reception   Senri Hankyu Hotel 2F (Jurin)

April 15 (Saturday)

8:30 ~   Registration   Life Science Center 6F
9:00 ~  9:45   Poster Setup   Life Science Center 6F (Senri Room)
9:50 ~ 10:00   Opening Address   Life Science Center 6F (Senri Room)
10:00 ~ 12:00   **Symposium I**   Life Science Center 6F (Senri Room)
**Anesthesia for Functional Neurosurgery**

Chairmen
Shuji Dohi  (Gifu University, Japan)

1. Awake Craniotomy
Tatang Bisri  (Padjadjaran University, Indonesia)
2. Anesthetic Management for Awake Craniotomy  
Seiji Takaoka (Yamagata University, Japan)

3. Anesthesia for Functional Neurosurgery  
Kyeong Tae Min (Yonsei University, Korea)

4. Propofol Anesthesia for Intraoperative Wake-up Test in Scoliosis Surgery  
Masafumi Takada (Nagasaki Rosai Hospital, Japan)

12:00 ~ 13:00 **Luncheon Seminar**  
Life Science Center 5F (Science Hole)  
Strategy Against Infection in the Field of Anesthesia  
Tomoko Fukuda (Tokyo Women’s Medical University, Japan)

13:30 ~ 15:30 **Symposium II**  
Life Science Center 6F (Senri Room)  
Advances in Neuroprotection/Resuscitation  
Chairmen  
Koji Sumikawa (Nagasaki University, Japan)  
Young Kyoo Choi (Kyung Hee University, Korea)

1. Apoptosis after Cerebral Ischemia  
Bong Ki Moon (Ajou University, Korea)

2. Molecular Mechanism of Cerebral Nerve Injuries During Intensive Care and Possible Drug-mediated Protection of Brain  
Hiroyuki Uchino (Hachioji Medical Center, Tokyo Medical University, Japan)

3. Low Hematocrit Causes Worsened Cerebral Injury After Prolonged Hypothermic Circulatory Arrest  
Xiangrui Wang (Shanghai Jiao Tong University, China)

4. Protective Effect of Histamine Against Ischemia-Reperfusion Injury in Brain  
Koh Kuzume (Ehime University, Japan)

5. Stem Cell Therapy after Brain Resuscitation  
Hae-Kyu Kim (Pusan National University, Korea)

6. The Mechanism of the Tolerance against Spinal Cord Ischemia Induced by Hyperbaric Oxygen Preconditioning  
Lize Xiong (Fourth Military Medical University, China)

15:30 ~ 17:30 **Poster Session**  
Life Science Center 6F (Senri Room)

17:30 ~ 18:00 Poster Withdrawal

17:30 ~ 18:00 Business Meeting (Asian Society)  
Life Science Center 6F (Meeting Room 602)

18:00 ~ 20:00 Farewell Party  
Life Science Center 20F (Senri Club)

**April 16 (Sunday)**

9:00 ~ 10:00 Business Meeting (Asian Society)  
Hotel Esaka Tokyu Inn
